EDUCATION

American University of Sharjah | Sharjah, UAE

B.S. in Computer Science | CGPA: 3.87/4.0

Since September 2023

Relevant Courses: Programming I, Programming II, Data Structures, Introduction to Artificial Intelligence, Introduction to Computer Systems, Artificial Intelligence, Digital Systems, Numerical Analysis, Discrete Maths, Calculus, Linear Algebra, Object-Oriented Software Engineering, Computer Networks, Design Analysis of Algorithms, Web Applications.

McMaster University | Hamilton, Canada

B.S. in Computer Science | Exchange Student | SGPA: 11.8/12.0

September 2025 - December 2025

Relevant Courses: Operating Systems, Computer Graphics, Computer Architecture.

TECHNICAL SKILLS

Languages: Java, Python, C++, JavaScript, MATLAB, SQL

Libraries: NumPy, Pandas, scikit-learn, Matplotlib

Web: HTML/CSS, Bootstrap, React

Backend & Databases: FastAPI, REST APIs, MySQL

Tools: Git, GitHub, Tomcat

TECHNICAL EXPERIENCE

Software Engineering Intern | Sui Southern Gas Company Limited

May 2026 – July 2026

- Gained hands-on experience in a professional software development and enterprise IT environment.
- Worked independently on software development tasks while applying professional development and database management practices.
- Collaborated with IT team members and developed experience in professional communication and teamwork.

Engineering Learning Center Tutor | AUS

February 2026 – Present

- Provide one-on-one tutoring to engineering students in programming and technical coursework.
- Adapt explanations and problem-solving approaches to individual learning needs.

PROJECTS

Complaint Management System | Sui Southern Gas Company Limited

FastAPI, MySQL, JavaScript, REST APIs, Python

- Independently designed and developed a full-stack system for managing and assigning customer complaints.
- Built REST APIs and database functionality using FastAPI and MySQL.
- Implemented role-based workflows for supervisors and field staff, including complaint assignment and status management.

Clay & Co. | Full-Stack Web Application

Jakarta Servlets, Tomcat, MySQL, HTML/CSS, JavaScript, Bootstrap

- Developed a full-stack pottery studio platform with e-commerce, workshops, events, and administrative functionality.
- Implemented user authentication, shopping cart functionality, and database-driven content management.
- Integrated Jakarta Servlets with MySQL to manage users, products, workshops, and orders.

MuslimScheduler | Academic Scheduling Application

Jakarta Servlets, Tomcat, Java, HTML/CSS, JavaScript, Bootstrap

- Developed a culturally adaptive scheduler that generates conflict-free academic study schedules.
- Implemented task prioritization, session allocation, study-hour constraints, and scheduling logic.
- Incorporated prayer times and Ramadan-specific scheduling preferences into the scheduling system.

CERTIFICATIONS

The Legend of Python | Codedex | Completed 43 exercises & 2 projects covering Python fundamentals

The Origins I: HTML | Codedex | Completed 26 exercises & 1 project on HTML concepts

The Origins II: CSS | Codedex | Completed 25 exercises & 1 project on CSS concepts

The Origins III: JavaScript | Codedex | Completed 44 exercises & 2 projects on JavaScript fundamentals

ACHIEVEMENTS

Chancellor's List: Spring 2024, Spring 2025, Spring 2026

Dean's List: Fall 2023, Spring 2024, Fall 2024, Spring 2025, Fall 2025, Spring 2026

Honors Societies: Alpha Lambda Delta, Tau Beta Pi
